

Castlegar & District Hospital Foundation

We welcome your donation to help us purchase equipment to enhance patient care in the Emergency Department and the Urgent and Primary Care Centre at the Castlegar Health Centre:

- ★ **12-Lead ECG Machine**
- ★ **Warming Cabinet**

A 12-lead ECG machine gives a complete picture of the heart's activity and is an important tool for making critical decisions related to heart disorders.

A warming cabinet is used to warm blankets that can help keep a patient's body at the correct core temperature, and to warm sterile IV and surgical irrigation fluids.

Pledge day is Friday, December 6th, from 9:00 a.m. to 5:00 p.m. We invite you to drop by and enjoy a hot beverage and a treat and listen to our special guest musicians perform as you make your donation.

Any additional funds raised will be directed towards areas of greatest need for the Castlegar Health Centre and/or Talarico Place.

Donate in person, mail your cheque, or donate online through our website. Official tax receipts will be issued.
